
The Bible says – “In the beginning God CREATED the heavens and the earth.”
Genesis 1:1

God created little creatures . . .

God created little creatures . . .
like BUGS!

God created lots of little BUGS!

God also created

God also created
BIG CREATURES . . .

God also created
BIG CREATURES . . .
like DINOSAURS!

God created lots of
different DINOSAURS!

God created lots of
different DINOSAURS and
dinosaurs have an
interesting story to tell us!

Today we want to go
on a dinosaur hunt . . .

Actually, we want to hunt for the TRUTH about dinosaurs!

What is the TRUTH about dinosaurs?

It is very important that we understand the TRUTH about those creatures that once roamed planet earth!

Most of us have been taught that dinosaurs EVOLVED

Most of us have been taught that dinosaurs EVOLVED and lived on earth millions & millions of years ago.

Did they really live MILLIONS of years ago . . .

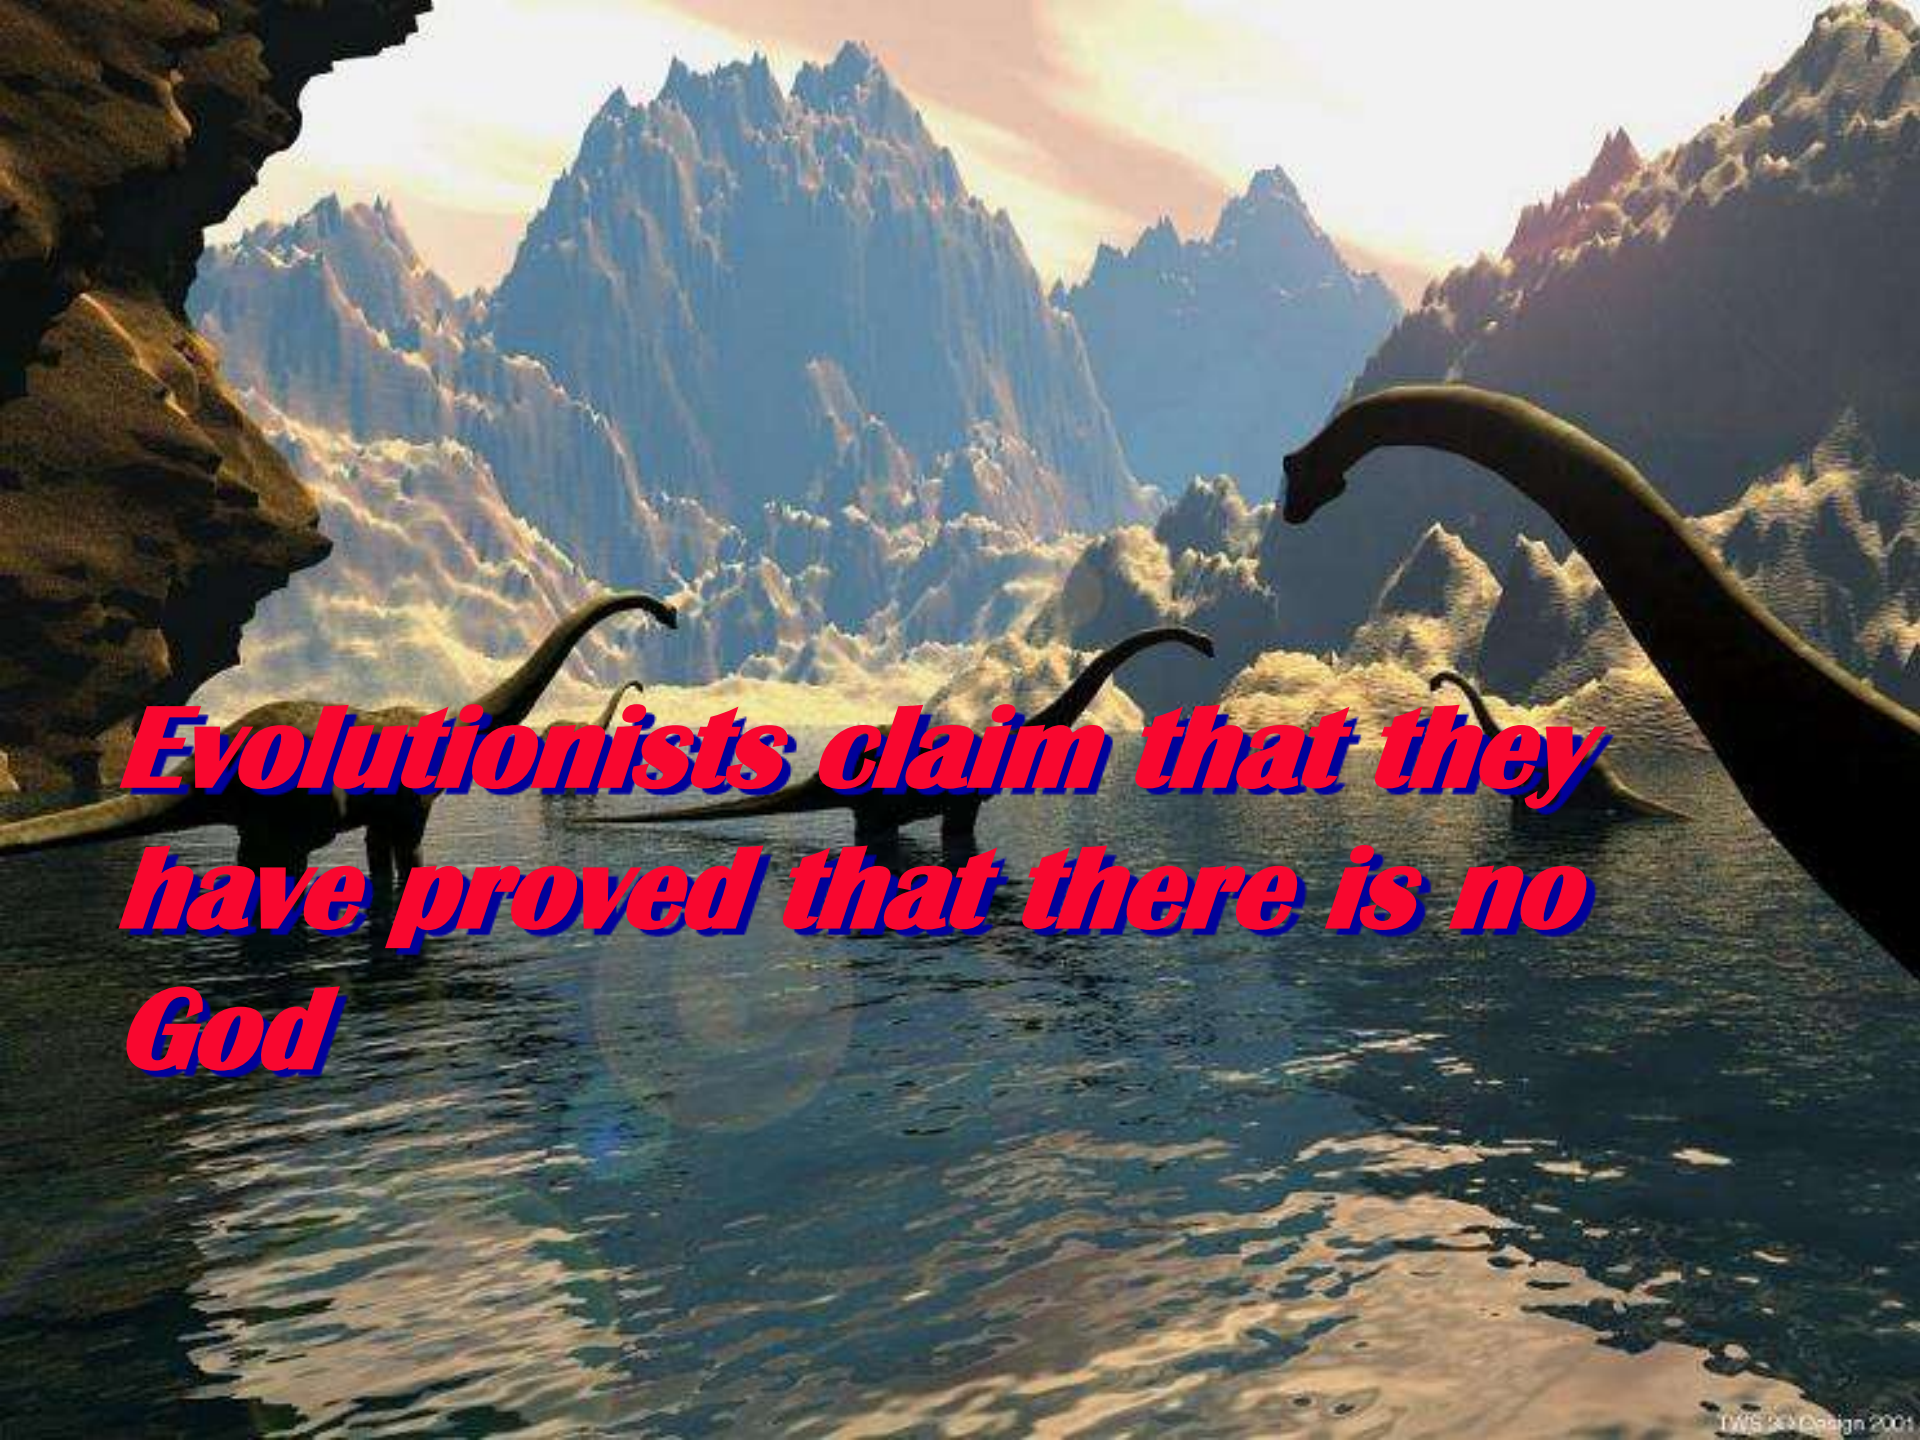

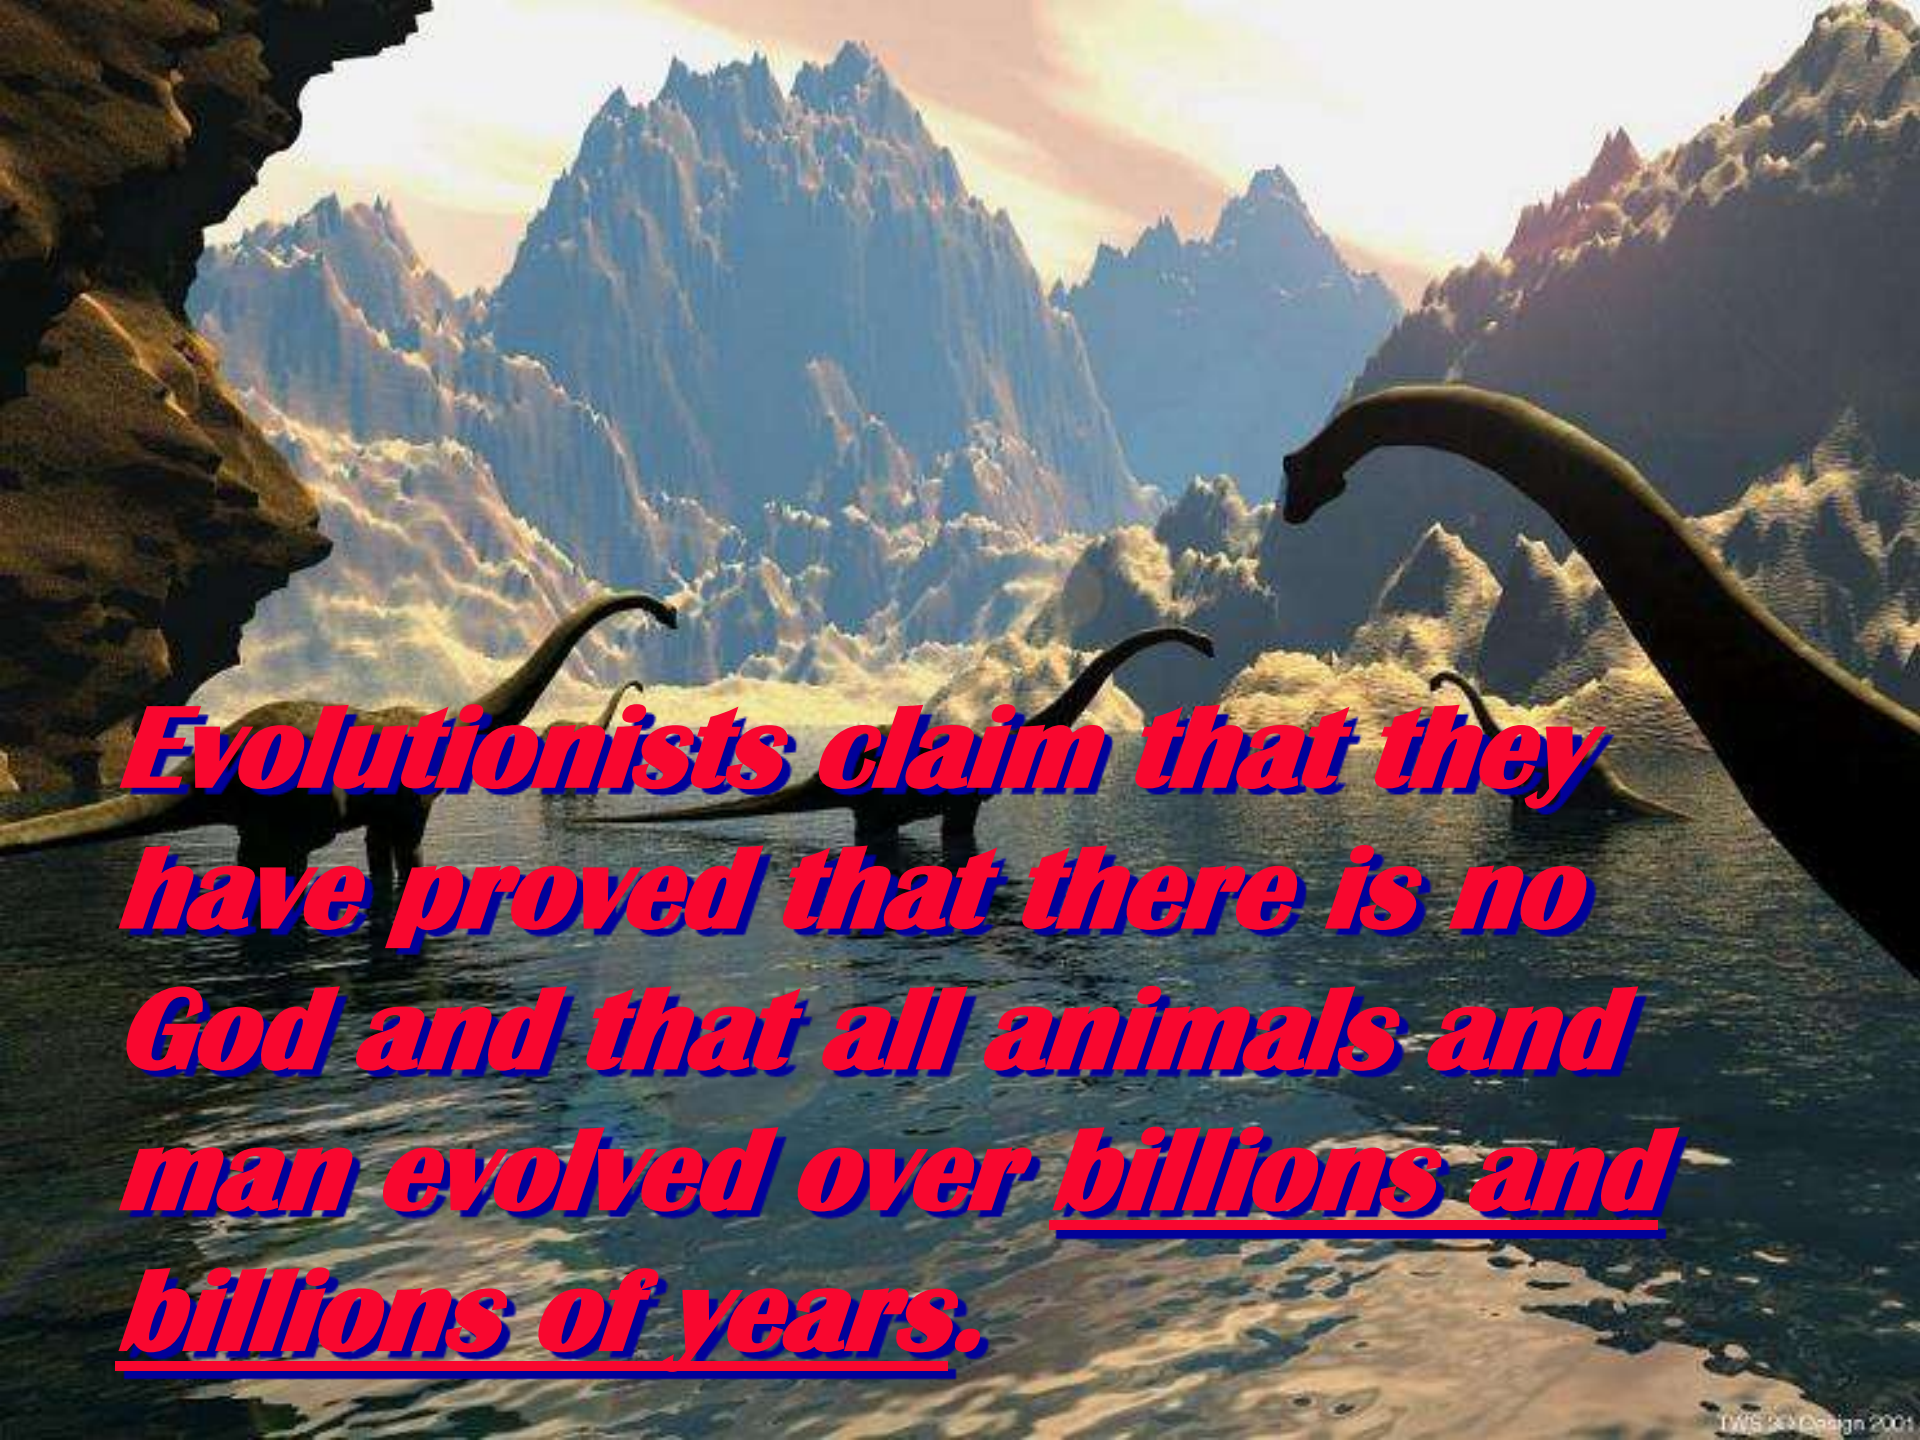

Did they really live MILLIONS of years ago . . . or maybe just THOUSANDS of years ago??

Most of the people in today's world say that they believe in God . . .

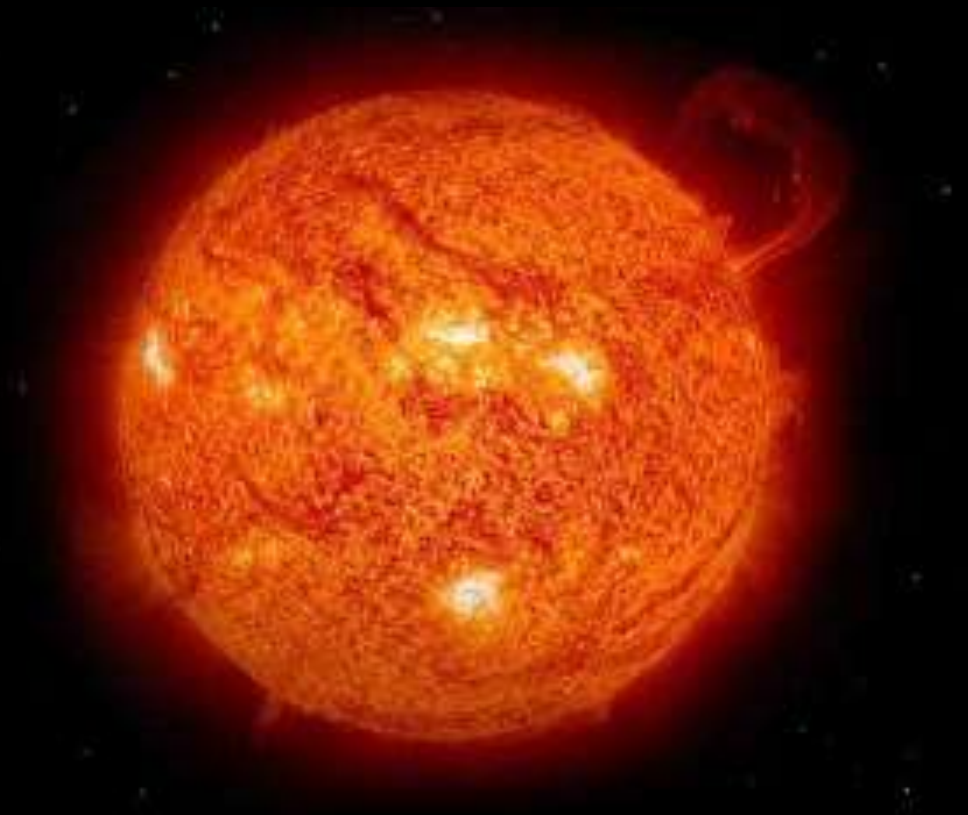

Most of the people in today's world say that they believe in God . . . but many don't really believe that God <u>CREATED</u> the world . . .

Most of the people in today's world say that they believe in God . . . but many don't really believe that God <u>CREATED</u> the world . . . especially if it was <u>just six thousand years ago</u> like the Bible says!

Evolutionists claim that they have proved that there is no God

Evolutionists claim that they have proved that there is no God and that all animals and man evolved over billions and billions of years.

BILLIONS and BILLIONS of years . . .

BILLIONS and BILLIONS of years . . . REALLY?

BILLIONS and BILLIONS of years?

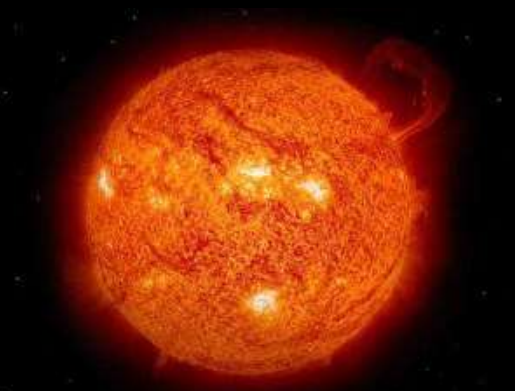

Did you know that the sun is slowly shrinking in size?

BILLIONS and BILLIONS of years?

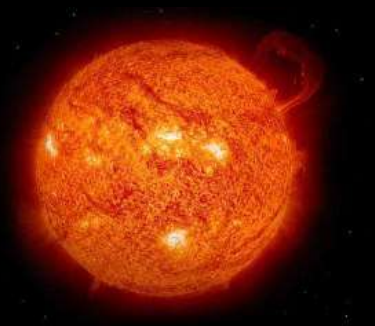

Did you know that the sun is slowly shrinking in size?

BILLIONS and BILLIONS of years?

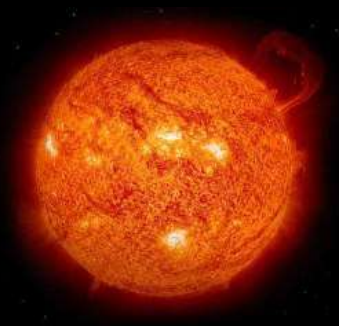

Did you know that the sun is slowly shrinking in size?

BILLIONS and BILLIONS of years?

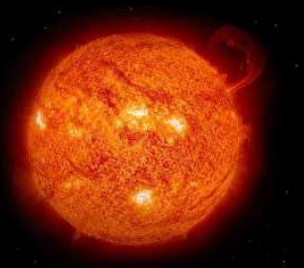

The sun is shrinking 1/10th of 1% every 100 years . . .

BILLIONS and BILLIONS of years?

The sun is shrinking 1/10th of 1% every 100 years . . . that's not much . . .

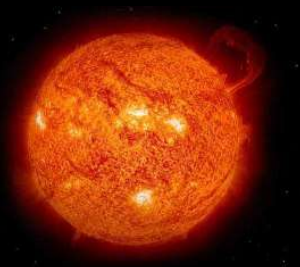

BILLIONS and BILLIONS of years?

The sun is shrinking 1/10th of 1% every 100 years . . .

(1% every 1,000 years!)

BILLIONS and BILLIONS of years?

The sun is shrinking 1/10th of 1% every 100 years . . .

(2% since Jesus was here)

BILLIONS and BILLIONS of years?

But 100,000 years ago

BILLIONS and BILLIONS of years?

But 100,000 years ago the sun would have been twice as big as it is now

BILLIONS and BILLIONS of years?

But 100,000 years ago the sun would have been twice as big as it is now and the oceans would have been hot enough

BILLIONS and BILLIONS of years?

But 100,000 years ago the sun would have been twice as big as it is now and the oceans would have been hot enough to BOIL!

Can you imagine fishing

Can you imagine fishing in BOILING WATER?

100,000 years ago you'd catch a fish

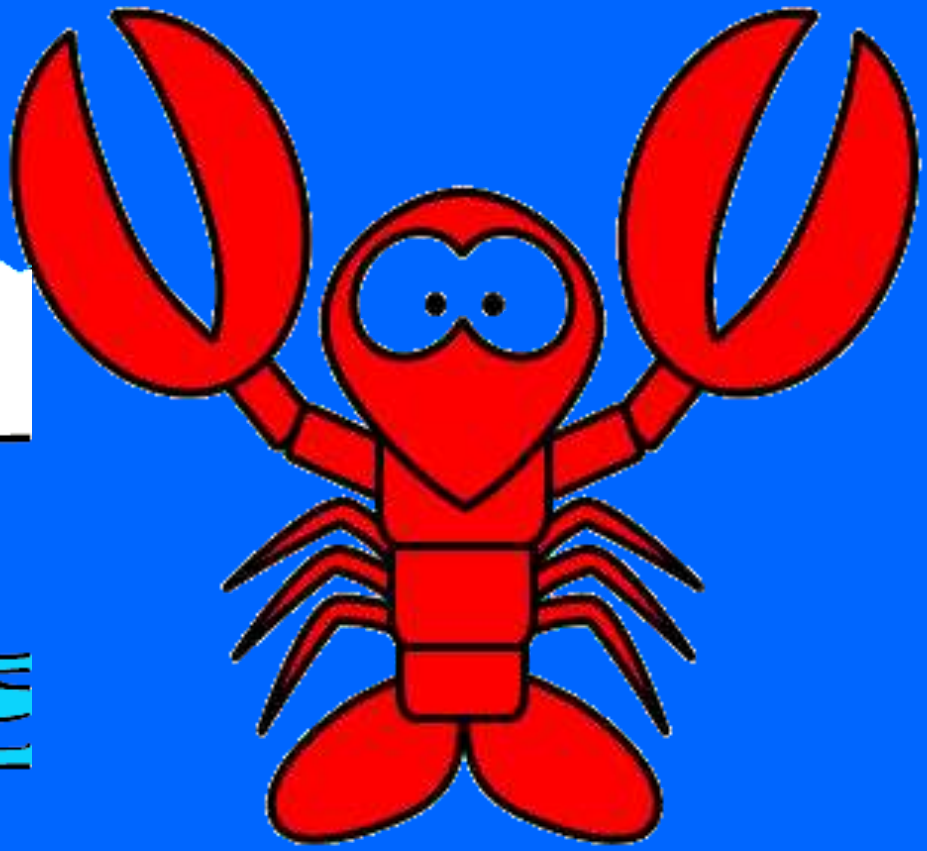

100,000 years ago you'd catch a fish . . . already cooked and ready to eat!

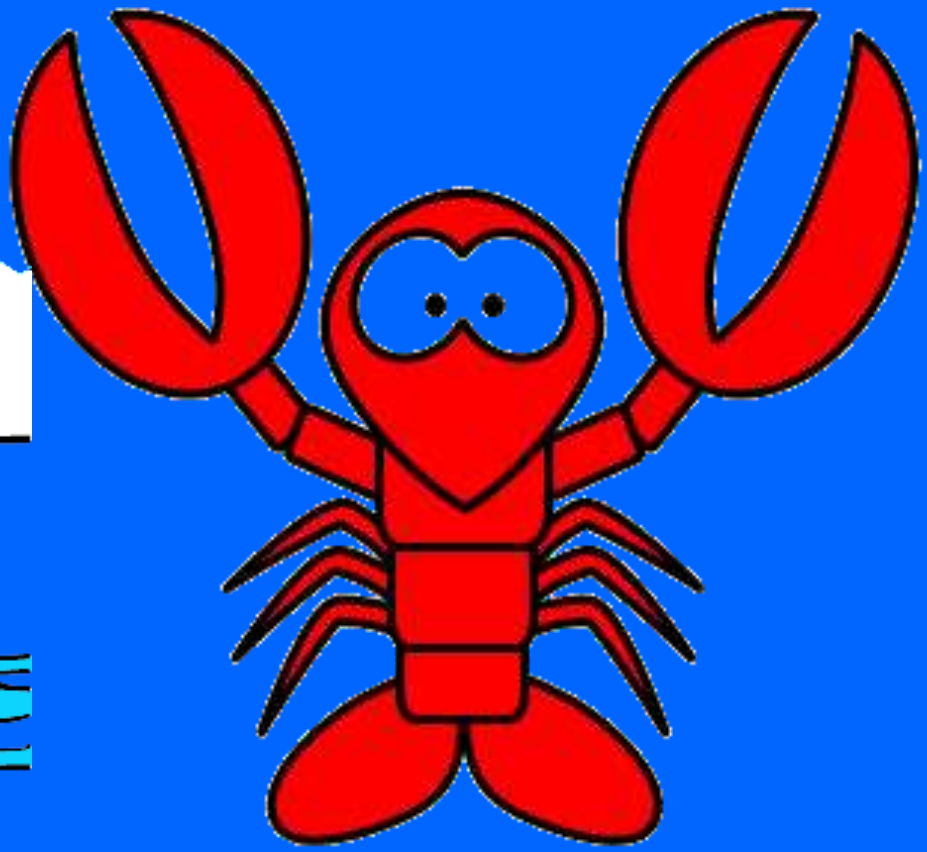

How about fresh lobster??

100,000 years ago lobster would be

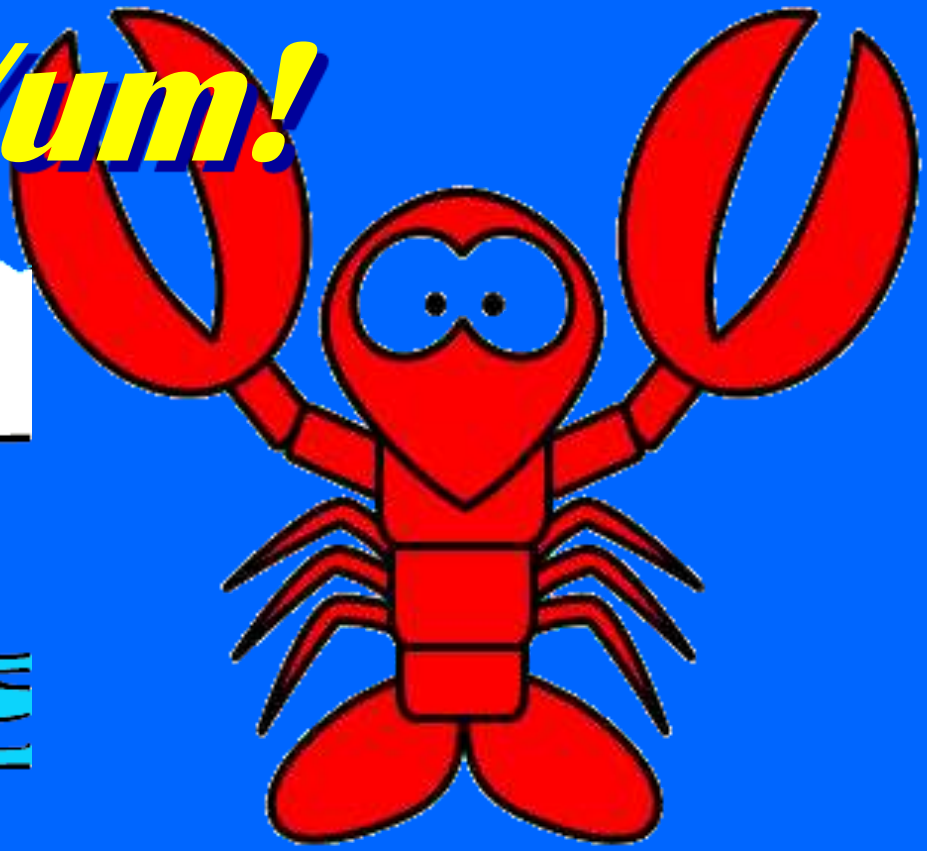

100,000 years ago lobster would be already cooked and ready to eat!

YumYum!

100,000 years ago lobster would be already cooked and ready to eat!

BILLIONS and BILLIONS of years?

Even 50,000 years ago

BILLIONS and BILLIONS of years?

Even 50,000 years ago the surface of the earth would have been SO HOT

BILLIONS and BILLIONS of years?

Even 50,000 years ago the surface of the earth would have been SO HOT that nothing could have lived on planet earth!

1 MILLION years ago the sun would have been

1 MILLION years ago the sun would have been 20 times as large as it is now!

Talk about getting a really BAD SUNBURN!

Talk about getting a really <u>BAD SUNBURN</u>!

Talk about getting a really <u>BAD SUNBURN</u>!

Talk about getting a really BAD SUNBURN!

IMAGINE THE SIZE OF
THE SUN 1 BILLION
YEARS AGO!

1 BILLION YEARS AGO

1 BILLION YEARS AGO THE
SUN WOULD HAVE TOUCHE
THE EARTH!

Yet evolutionary philosophers insist that life began to evolve on earth

Yet evolutionary philosophers insist that life began to evolve on earth BILLIONS and BILLIONS of years ago!

Yet evolutionary philosophers insist that life began to evolve on earth BILLIONS and BILLIONS of years ago!

And they know that is NOT TRUE!

If they know that life did not begin BILLIONS of year ago . . .

If they know that life did not begin BILLIONS of year ago . . . WHY do they still insist on telling such a ridiculous lie?

One well known evolutionist said –

One well known evolutionist said – "If you don't believe in evolution,

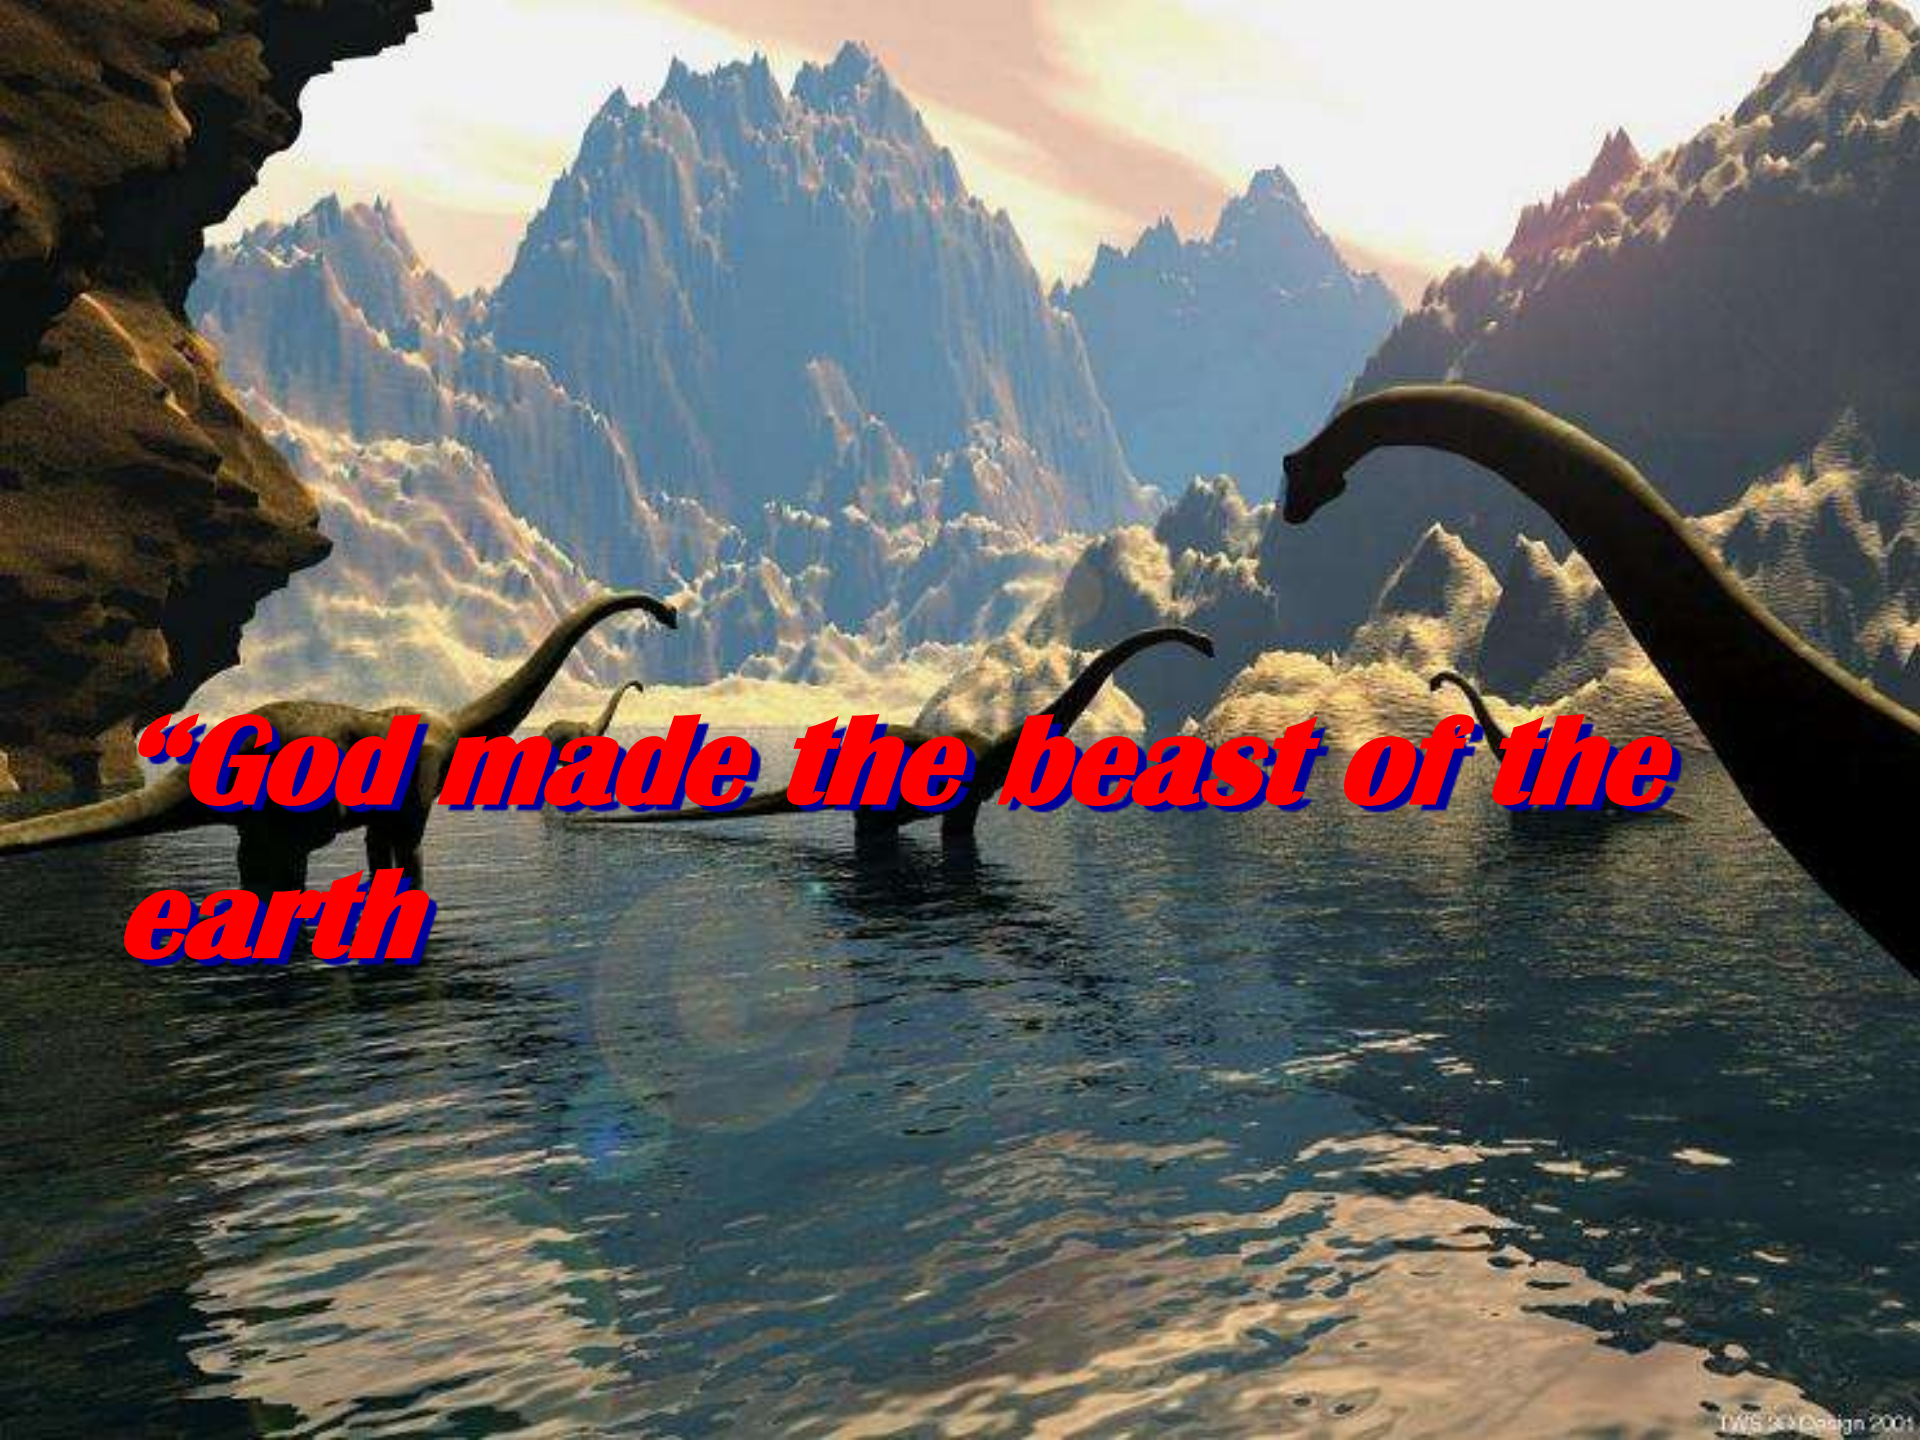

One well known evolutionist said – "If you don't believe in evolution, I guess you have to believe in God

One well known evolutionist said – "If you don't believe in evolution, I guess you have to believe in God, and I'm not going to have some God tell me what to do!"

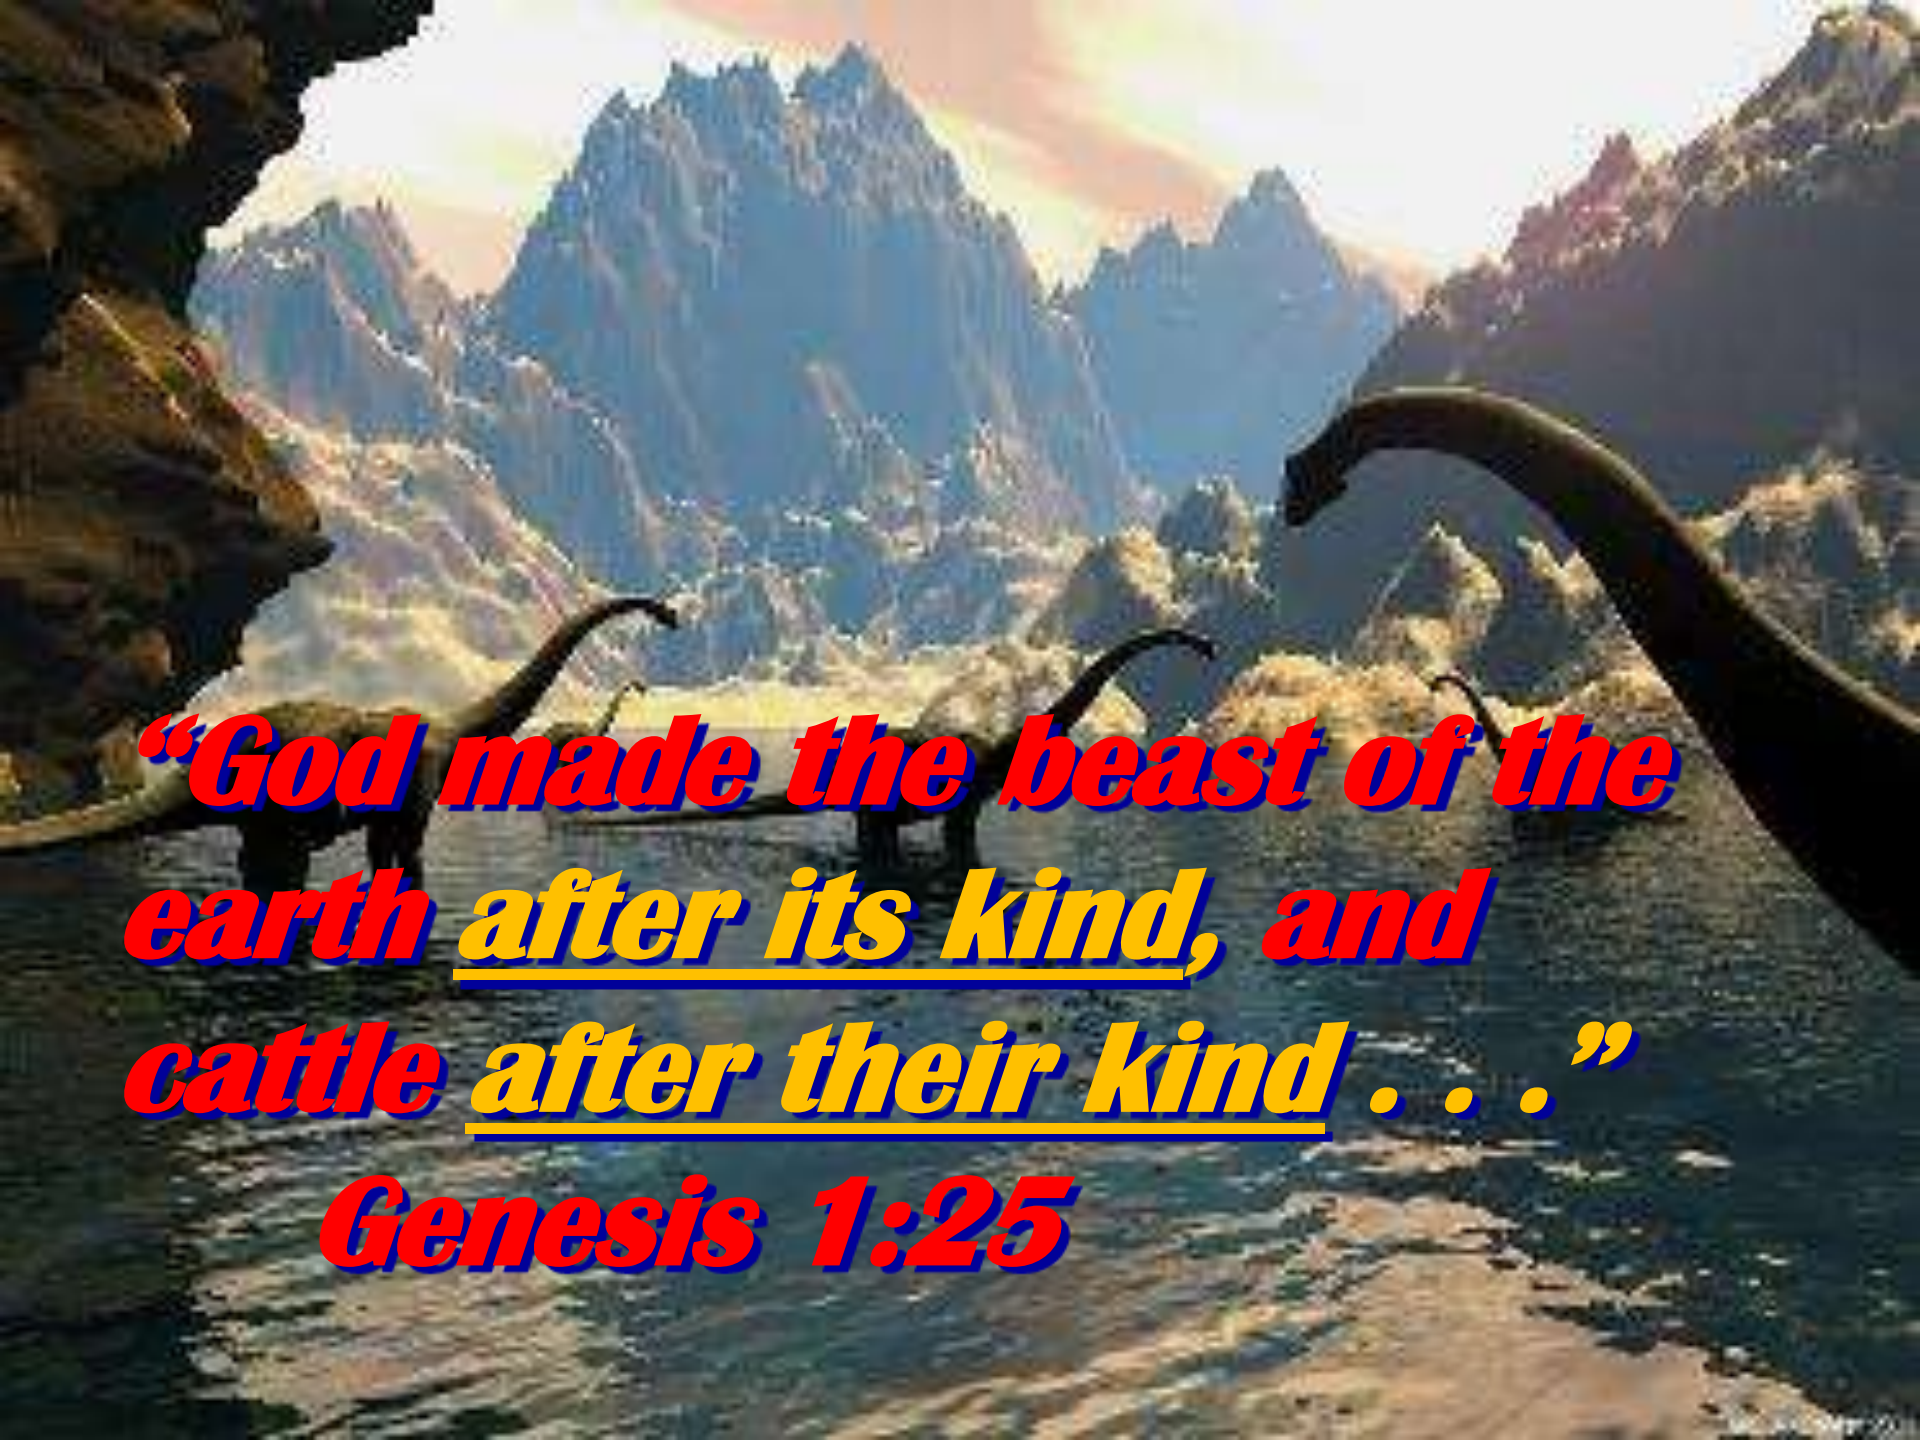

The Bible says – “In the beginning God CREATED the heavens and the earth.”
Genesis 1:1

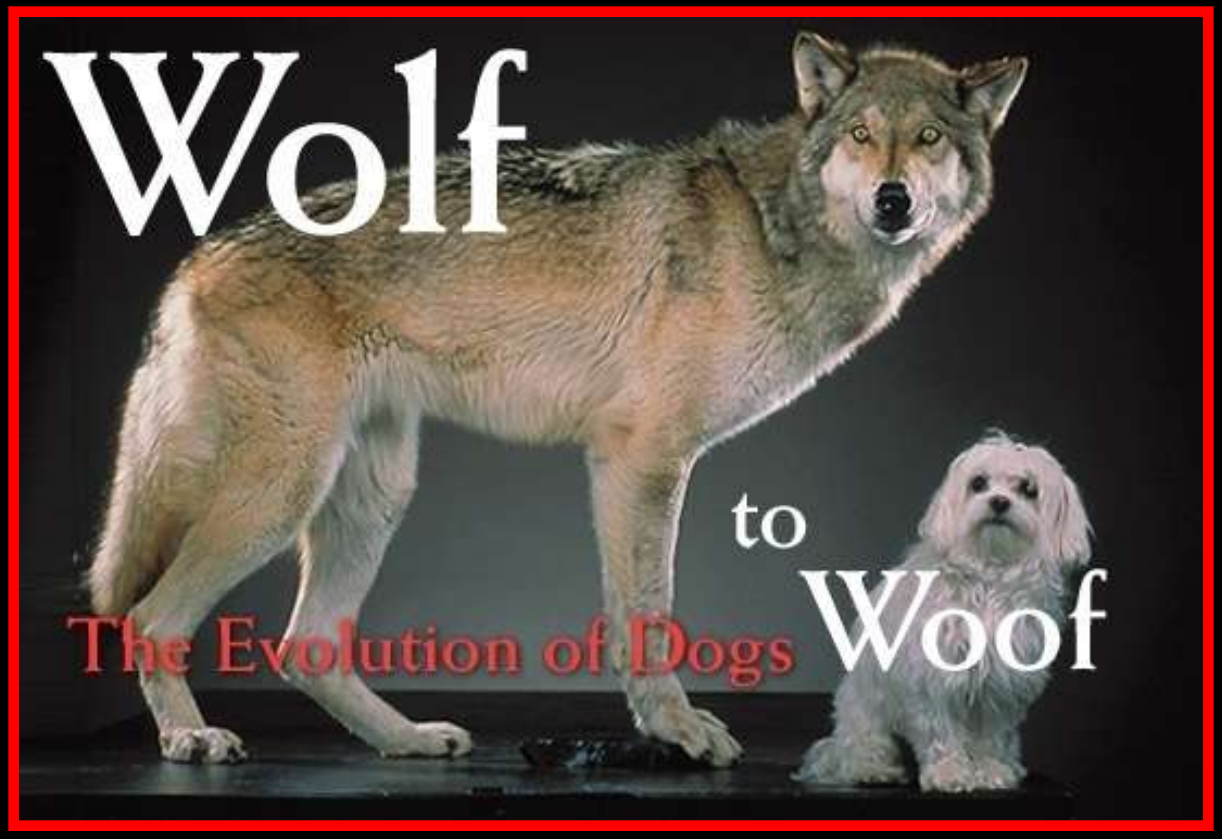

The Bible also declares that . . .

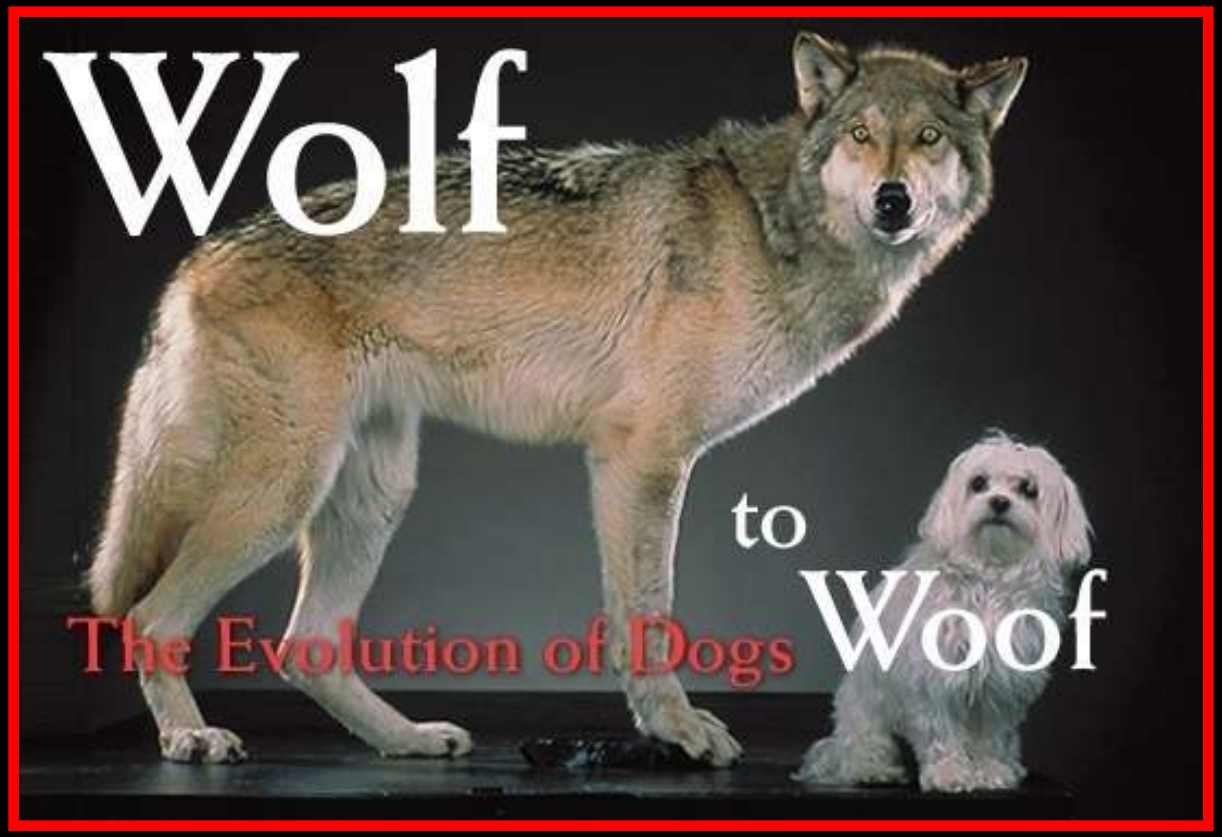

"God made the beast of the earth

"God made the beast of the earth after its kind,

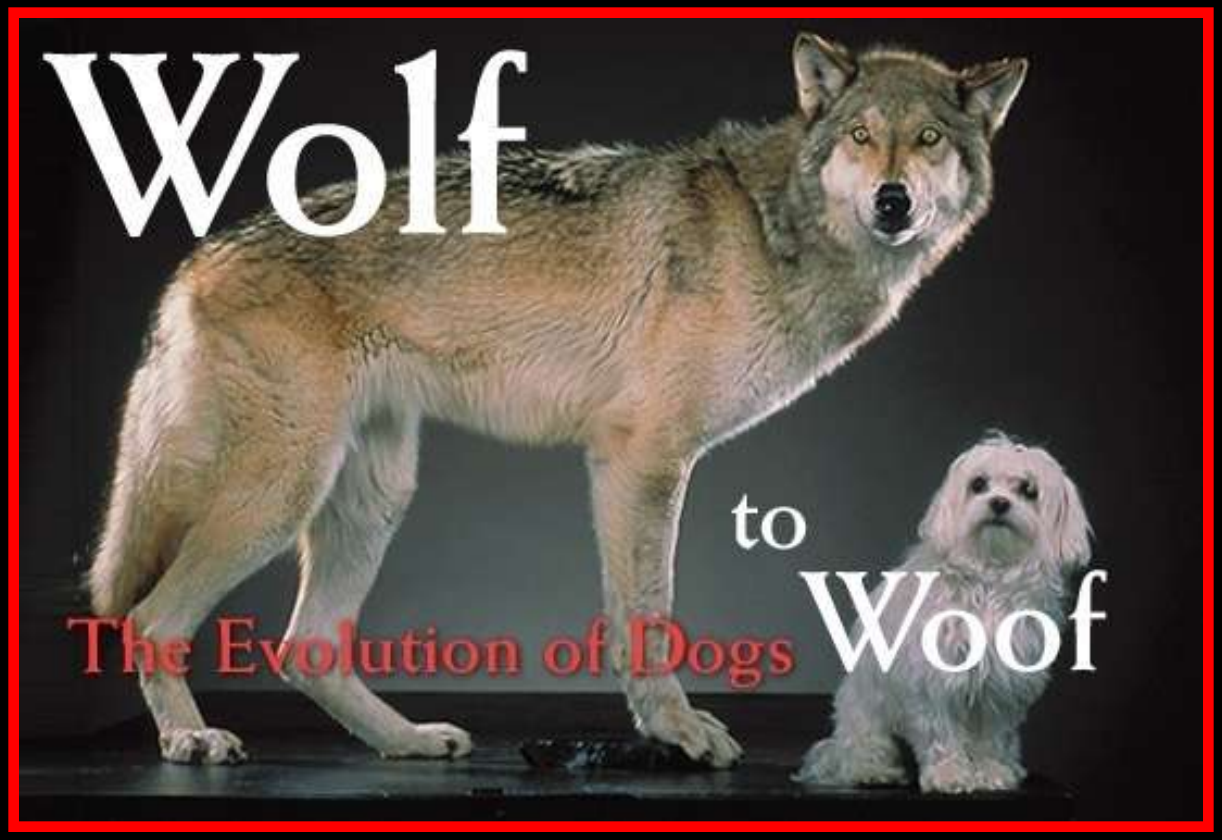

"God made the beast of the earth after its kind, and cattle

"God made the beast of the earth after its kind, and cattle after their kind . . ."

"My examination of the monster was quite thorough . . . . It had no teeth. Its head is large and its neck fully 20 feet long. The body is weak and the tail is only three feet in length from the end of the backbone . . . with a bill like it possesses, it must have lived on herbage and undoubtedly inhabited a swamp. I would call it a type of plesiosaurus."

Another witness, Judge W.R. Springer of Santa Cruz, felt the creature was from a prehistoric age. He added his observation: "evidence of two short feet or flippers, and probably swam with its head high above the water."
